Al-Hijaz Company Monitoring Application and website | *Mobile app builder* | [LINK](#)

APP DESCRIPTION

- Building a mobile application user interface using react user interface
- Using firebase to build a database for application

Printo Vending Machine | *Hardware components designer and developer* | [LINK](#)

APP DESCRIPTION

- Payment Module builder using CH-926 multi-coin acceptor
- Change return builder it's an mechanical module based on gravity, controlled by Raspberry bi and Arduino technologies

Sawa-ed Platform | *A platform designed to connect Palestinian workers with clients* | [LINK](#).

APP DESCRIPTION

- *Developed a service marketplace with user authentication, profile management, messaging system, and database integration using Django/MySQL*
- *A platform designed to connect Palestinian workers (handymen) with clients in need of various services.*
- *The website allows users to create profiles, showcase their skills and expertise, and interact with potential clients through a messaging system*

EDUCATION

Axsos Academy | *Full-Stack Developer Certificate* | Ramallah, Palestine

2025

- *A part-time immersive training program in web fundamentals, Python, algorithms, and data structures. The Bootcamp includes 20 weeks of programming as the following: +620 coding hours in total, 50 hours pre-boot camp, 120 hrs web fundamentals, 240 hrs Python, 60 hours of algorithms and data structures, 60 hours of 2 complete projects (Solo & Group). All stacks include group activities and leet-code and HackerRank.*

An-Najah National | *Bachelor in Computer Engineering* | Nablus, Palestine

- *The program is accredited by the Engineering Accreditation Commission of ABET*

2020

PROFESSIONAL EXPERIENCE

Teaching Assistant | *AXSOS Academy* | Ramallah

May 2025- Aug 2025

- Supported instructors in coding sessions and labs.
- Helped students understand technical concepts through one-on-one and group guidance.
- Tracked students' progress, gathered feedback, and analyzed learning outcomes to improve the training experience.
- Assisted in preparing learning materials and ensuring effective delivery of course content.

ENTREPRENEUR | *BaskendaOfficial* | online

2019-present

- Increased engagement by creating compelling content across multiple platforms.
- Boosted ad campaign by optimizing targeting and messaging strategies. Elevated brand visibility
- Improved customer satisfaction scores, through enhanced customer care protocols.

ADMINISTRATIVE ASSISTANT | *Hessa Startup* | Nablus

2019-2020

- Collected and organized project data using Smartsheet, producing insights that improved efficiency by 20%.
- Analyzed customer service records and feedback, maintaining a 95% satisfaction rate and reporting trends to management.
- Designed and managed social media content experiments, tracking reach and interaction data to inform marketing strategy.
- Conducted periodic evaluations of online community engagement to guide content creation.

Trainer | *Partners for Sustainable Development* | Nablus

2017-2018

- TOT course
- Teaching HTML and CSS to kids.
- Small and simple pages created.
